	<hr/>
	\$ 205 35

SUMMARY.

Money received by Treasurer,	\$ 2 218 04
Money paid out by Treasurer.	
Paid Teachers,	1 356 00
Purchase of Books,	136 23
General Repairs,	218 26
Miscellaneous Bills,	205 35
	<hr/>
	\$ 1 915 84
Cash to balance,	\$ 302 20

There is about \$ 100 00 outstanding bills (estimated.)

FRED B. ADAMS TREASURER.

Sutton, N. H. February 16, 1903.

We have examined the accounts of the Treasurer of the School District of Sutton, for the year ending February 16, 1903, and find them correctly cast and vouchers for all payments,

JOHN T. MERRILL, }
HENRY V. LITTLE, } Auditors.

School Report.

In the last school year each division, except the Highlands, has had thirty weeks of school. The Center division, from the income of the Mary Eaton fund, has had one additional week. In the Highlands division, because of the cold and snow, and by request of the parents, the winter term was closed at the end of five weeks, making twenty-five weeks of school in that division.

In all, there have been two hundred and thirty-six weeks of school. There has been an evident gain in the efficiency of the school work, due in part to fewer changes in teachers than usual, and in part to the increase in the length of the schools. But under the conditions existing here, thirty weeks seems to be the limit at which our schools can profitably be kept open.

At the end of the last spring term there were in the North school several pupils who might have been graduated, and who perhaps would have been admitted to higher schools; but they wished to stay for another year.

We therefore arranged a course in advanced studies to be given in that school, open to all scholars of the town who were prepared to take it. It made some additional expense for new books, but it probably saved the town a considerable sum for tuition bills elsewhere, and the work has been of great value to those who have taken it.

We believe, with a good deal of satisfaction, that the pupils who will be graduated from our schools this year will be thoroughly prepared to enter any high school or academy they may wish to attend. There have been no changes in text books, but some new books have been bought to replace those worn out or destroyed. With all the care it seems possible to take of them, books are used up unreasonably fast.

A notable gain in the matter of supplies has been the purchase of large, up to date roller maps for each school house excepting the Center, which had a fairly good set. They were needed, and have been appreciated by scholars and teachers.

The school house at the South village has been thoroughly repaired by laying new floors, painting outside and inside, papering and whitewashing. The house in the Eaton division has been painted outside and papered and whitewashed within. The house in the Poplar division, though not in use, has been shingled. The Center school house needs immediate and extensive repairs; that in the Old South division needs shingling and that in the Highlands needs painting outside.

Report of the Board of Health.

TO THE SELECTMEN OF SUTTON:—

In accordance with the provisions of section 20 chapter 108 of the Public Statutes, we submit the following report:

During the year there have been no cases in town of any serious contagious diseases. In the winter and spring of 1902, a mild form of whooping cough prevailed in most parts of the town, interfering more or less with the efficiency of the public schools. Cases of smallpox have been reported in near-by towns. This disease is quite generally brought to the locality where it appears by traveling wood choppers and tramps. In this way it may at any time be brought into our town. For this reason we urge upon our citizens the wisdom of always being prepared by vaccination. In this communication, we call attention to the law requiring every child attending any school to be vaccinated. This should be attended to by the parents, for when neglected, it is the duty of the health officers to remove the child from school until it is done.

When done by the town's agent, Dr. A. M. Fernald, there is no expense to the individual.

A provision of the laws of 1901 requires "a representative of a local board of health to attend a meeting of the State board of health when requested by the latter."

In accordance with this requirement Mr. Smiley attended a school of instruction for health officers held by the state board of health at Concord April 29, 30 and May 1, 1902.

In the suit for damages brought by Waldo Flint against the board of health and tried at the April term of court, the jury returned a verdict in favor of the board of health.

We have received from the town treasurer seven dollars.

We have paid to N. W. Colby, Esq. for legal services and Expense in the Flint vs Board of Health case, seven dollars.
